

OVERVIEW

Solo-Q tripod series is developed for those that require the greatest degree of freedom without compromising stability. The series is the most versatile, light and compact tripod in the Miller range. The 2505 3-Stage Solo-Q 75 carbon fibre tripod is the first choice of professionals seeking ultra-light, staggeringly tall and near ground low camera support, with no spreader and easy ball levelling; guaranteeing outstanding, stable images from any angle across any terrain. The new, patented Q-Lock, significantly speeds up set up and stowage. It packs small to fit a standard aircraft luggage making it an excellent travel companion.

FEATURES

- Integrated 75mm alloy bowl.
- Light weight carbon fibre legs.
- 3 position leg angle locking - no spreader required.
- 3 stage rapid leg lock extension.
- Patented Q-Lock for quicker deployment.
- Air Cell carry strap.
- Leg spike with wind-down rubber feet.
- Neoprene leg protection.
- Leg strap for securing collapsed tripod.
- 3 year warranty.
